**THIS IS A CONFIDENTIAL QUESTIONNAIRE**

We have already asked you many questions, but there are some things that might be important for young people like yourself which you might not want to talk about openly. This is why we would like to ask you a few questions in private.

Young people in Ethiopia, India, Peru and Vietnam are doing this questionnaire. The information you give will be used by researchers in your country and internationally to understand young people and to help to develop programmes and policies for you.

We will not write your name on this survey. The answers you give are private. Answer the questions based on what you really think or do. There is no right or wrong answer! If you do not want to answer a question, you don't need to.

If you do not understand a question or need help, just ask the fieldworker.
