One day, our cat went missing.

'I wonder where the cat has gone?' I said.

We thought she was just playing hide and seek, but we could not find her in her favorite places. So we searched all around the house for the cat.

Finally, we found her under the bed, but she was not alone!

Sunil exclaimed: 'she has given birth to three kittens: two grey and one white.'

The kittens were very small and sat curled up together next to the cat. Their eyes were not yet open so they could not see us, but they were making small noises. We were very excited, and so we went to tell our parents.

Our mother said: 'how lovely, we also have some good news; we are also going to have a new baby!'

Sunil and I felt joyful at this news and went back to play with the kittens.
