Listening to Young Lives at Work: COVID-19 phone survey

ENUMERATOR: Start the dialogue with YL Child as follows:

Hello, (are you) / is this [YL Child´s name] ? Hi, I am [first and last name of ENUMERATOR], of the Young Lives Study. The last time I spoke to you [or my partner [say the name of the ENUMERATOR who did the tracking] talked to you] was in [DATE OF TRACKING] [mention if it was by phone or if you visited them at home], do you remember? On that occasion we told you that a new Round of the study was starting and that from [DATE OF ROUND 6] we were going to visit you again. You agreed and we were very happy. To our regret, we are unable to visit you due to the Health Emergency/Coronavirus/COVID-19. We hope that you and your family are safe and that this situation will get better, which is why we plan to visit you next year and meet you again.

Q.I1	**SAY**: YL Child´s name, you know what emergency I´m referring to? I am talking about the Corona virus/COVID-19 pandemic, do you know what I'm talking about, right? 01=Yes 00=No -> if he/she says no, or is unsure, or does not know about the emergency and/or the Corona Virus/Covid-19 than read the following: "...it is a virus that is transmitted very fast, in some people it causes a serious and dangerous respiratory disease and some of them end up dying... which is why we are in a situation of National Emergency.(and that is why we are concern to know how you and your family are…)?	O No(0) O Yes(1)

ENUMERATOR: *YL Child´s name ,* about this topic, I will like to talk to you a little bit more, for about **15 minutes**, so that you can tell me how you and your household are dealing with all this situation that the Corona virus/Covid-19 has caused. You know that everything you tell me is confidential, *(as it has been with the information you gave us during the 16 years that you have participated in the Young Lives Study). Y*ou also need to know and keep in mind that the information we are collecting from you and the other Young Lives Children in our country will help the authorities of the government and our health system to know how to better prevent and deal with these types of emergencies, for the benefit of the entire population*.*

Q.I2	**SAY**: YL Child´s name, Do you agree? Will you give me your consent? 01=Yes ->Skip to the next section (Section 2 Survey) 00=No	O No(0) O Yes(1)
Q.I3	**SAY**: Why don't you want to participate? 01= doesn´t have time/can/t do it, because he/she has to go to study… to work, etc." -> Go to Q.I4 02=he/she has doubts and/or don´t trust regarding the information they will give -> Go to Q.I5 03= If the justification given by the person for Not Participating, (in this first call), is linked to a very delicate situation, a Health, Economic or other type of emergency (specifying whether it is personal or related to the family) -> Go to Farewell F3	[__ __]
Q.I4	**ENUMERATOR:** Explain that you can call again the day and time that is more convenient for he/she…and also, mention again that it will be a conversation of no more than 15 minutes… **SAY**: Would you like to participate? Do you give us your consent to go ahead? 01=Yes -> **ENUMERATOR**: Schedule Time for the call -> Go to Farewell F2 00=No -> **ENUMERATOR**: take note of the reason -> Go to Farewell F1	O No(0) O Yes(1)
Q.I5	**ENUMERATOR**: Explain again the Purpose of the conversation ..., the confidentiality of what they tell you and the importance that it has, (for the future of the Health system in our country), that they share their experience along with the experience of other young people of the Young Lives study during the "Coronavirus" the Covid-19 pandemic **SAY**: What do you think? Would you like to participate? 01=Yes-> Go to next section (Section 2. Survey) 00=No -> Go to Farewell F1	O No(0) O Yes(1)

	SAY: YL Child´s name don´t worry, your decision is absolutely free and voluntary, we understand and respect it.
